Dear Graettinger-Terril CSD - School Board:

The Ruthven-Ayrshire CSD School Board supports the Graettinger-Terril CSD as they plan for a facilities project that would include: science classroom, agriculture classroom, industrial technology facility, lab classroom, secure entry, administrative offices, and gymnasium.

The academic and athletic sharing between the two districts has been a great success and a benefit for both districts. The Ruthven-Ayrshire Board would like to support the continuation of the sharing, both academic and athletic, and the proposed facilities project will be a benefit to the students of both districts.

Sincerely,

Ruthven-Ayrshire CSD - School Board

Susan Sikora - Susan Sikora - President
Tracy Enderson - Tracy Enderson - Vice President
